

Hi xxxxxxxxxxxx,

You will have received a Respect Breach Notification for your match as above concerning your xxxxxxxxxxxx team.

Please look at the behaviour of your spectator at this match and reply to me with the actions that you propose.

The referee reported the following. Please remember that it is a principle of the Respect Pilot that the Referee's report is a "Matter Of Fact".

*The yyyyyyyyy Assistant put his flag up and a xxxxxxxxx parent didn't like the fact he gave it offside and shouted loudly towards the linesman in an aggressive manner questioning the decision.*

The area of concern is that your spectator has engage in public criticism of a match official and has not respected the match officials' decisions. These are breaches of your Club's Code of Conduct that the spectator will have agreed to.

Can you please investigate, and in line with the SYL Pilot please respond within 10 days as to your plan of action and any sanctions /education you may see fit as a club, as per your codes of conduct and guidance given by the League.

Failure to respond within the 10 days will be treated as failing to deal with league business and may result in the withdrawal of fixtures for this team.

Gordon
