Development Football Season Programme

U7's will have a slower start than the older leagues. With so many U7's now, we are slightly altering the set up. We will still have the development groups, but many teams have already indicated if teams are new or established through already playing or training over the last year. Hence we have now split the teams into established, medium and new, with these new teams in closer geographies.

In addition to these groupings we will have 2 round robin days for teams to play small one day tournaments. Along with these early matches we will then look to structure the u7's with real data after Half Term.

Once again slow start applies and you will work with the age group secretary to establish who is ready for the early weeks.

The Groups are based on the Standards achieved in the previous years Trophy Events and development groups. The Groups are flexible and allow us to move teams around as required, but this will only happen around Half Term and early in the New Year. In addition there will be 2 x Round Robin Competitions over 3/5 weeks and 1 x Cup competition, but 4 separate cups depending on results and seeding from the Trophy Events.

These are the initial standard groups for U11, these will be for development games. However it can be seen from the schedule at the top of this document that the Small Comps play more of a part this season, there will be two competitions stretching over 6 and 7 week periods with cup competitions.

Once the groupings settle down we will issue the first set of Trophy event divisions in Early august.
