							=slow start	

U7's will have a slower start than the older leagues. With so many U7's now, we are slightly altering the set up. We will still have the development groups, but many teams have already indicated if teams are new or established through already playing or training over the last year. Hence we have now split the teams into established, medium and new, with these new teams in closer geographies.

In addition to these groupings we will have 2 round robin days for teams to play small one day tournaments. Along with these early matches we will then look to structure the u7's with real data after Half Term.

Once again slow start applies and you will work with the age group secretary to establish who is ready for the early weeks.

At the top end with teams that played last season and we believe will be in groups of similar abilities. The lower end groups tend to be new teams and also we have geographically split. Hopefully this format allow us to move teams to play similar abilities at an earlier stage, and also move teams between groups as we see the need.
